

# CONTINUUM™

SINGLE ROW

Designed to deliver maximum light intensity and long LED life, Continuum™ brings Whelen's advanced Super-LED® technology to off-road applications. Solid-state electronics and hard-coated lenses withstand harsh environments while interchangeable modules and advanced optics give your vehicle the reliable performance and durability Whelen is known for.

## FEATURES

- Spot or Flood optic LED modules
- Clear or Smoked lenses
- Hard-coated lenses will not degrade with UV exposure
- IP67 rated for dust and water resistance
- Black powder coated extruded aluminum housing protects the lightbar from environmental damage
- Universal "L" bracket mount standard, other mounting options available
- Easily serviceable front-load design
- Plug & Play waterproof wiring harness with waterproof relay and switch included
- Five year HDP® Heavy-Duty Professional warranty

**WHELEN®**

## About Us

*Whelen Engineering designs and manufactures high performance Super-LED® spot and flood lighting, providing you with the greatest visibility possible. Constructed with the same solid-state electronics and hard-coated lenses as our high quality Emergency Warning lights, Whelen's off-road products are engineered for maximum intensity and long LED life.*

*For over 25 years Whelen has supported NASCAR® and its grass roots racing series. In 2014, we welcomed NASCAR Sprint Cup Series driver Joey Logano to our family of motorsport partnerships. We are also proud to provide the Official Warning Lights and the Official Vehicle Illumination Lights of NASCAR. Since 1952, all Whelen products have been and continue to be designed, manufactured, and assembled in the U.S.A.*

**Joey Logano**

NASCAR Sprint Cup Series Driver
